Hapag-Lloyd and Hamburg Süd restructuring EPIC service

Hapag-Lloyd and Hamburg Süd are restructuring the EPIC service between Europe and Middle East/India. The shipping lines will deploy six 4,000 TEU ships with a weekly frequency in this region in future. Hapag-Lloyd will provide four and Hamburg Süd two units. The vessels each have 400 reefer plugs. The first departure is scheduled for the beginning of May.

The final rotation will be announced shortly.
